LEGISLATIVE PROCEEDINGS.

The Work of the Lawmakers Reviewed Briefly.

Very Little Legislation of Importance Accomplished During the Week.

PHOENIX, March 3.—[Special Correspondence of THE SUN-DEMOCRAT.]

The lawmaking power has been quite busy the past week, and yet but few measures of interest have materialized. There are only thirteen more working days of this body and some wise legislation is expected before the Nineteenth Legislature of Arizona stands adjourned. In order to stave public discussion over the defeat of the Circuit court and penitentiary removal bills, the Council is now confronted with a new Circuit court bill, which is intended to meet all the objections which were made to the first one. The new one provides for the election of the Circuit Judges at the next general election to be held in November, 1898. The Judges' salaries are to be paid out of fees collected, with exclusive jurisdiction in criminal cases and concurrent in civil cases with the District court. What is to be the destiny of the new bill is a problem.

Councilman Barth of Apache county introduced a bill abolishing the National Guards of Arizona. It was a death blow to the military forces, and the measure passed the Council. The bill before being passed received an amendment, which leaves the organization existing, but cuts off all financial supplies. Each company heretofore received \$30 per month out of the general fund. It is generally believed that the action of the Council on this bill will be endorsed by the House.

Both Houses passed resolutions protesting against the refunding measure which Delegate Murphy has gotten through Congress, and asking the

President to put his veto on the measure. The Governor telegraphed the resolutions to the President, and received a vote of thanks from the Arizona lawmakers for his promptness in sending the dispatch.

A bill has been introduced in the House by a member of Cochise county fixing rates on Pullman sleepers. What fate the young gentleman's bill will meet is another problem.

Ikenberry of Gila county has introduced a bill providing that upon petition of a certain percentage of electors any measure may be submitted to the popular vote and that all enactments of the Legislature may be finally tried and judged at the ballot box.

Councilman Barth of Apache introduced Council bill No. 85 to locate the Territorial prison near Prescott.

Council bill No. 86 is a measure of Brady's of Pinal county, and is for the purpose of enforcing tax collections upon corporations and trust companies.

Now since Cocconino's members, Hons. A. A. Dutton and Henry F. Ashurst, have succeeded in getting the appropriation for the completion of the Reform school at Flagstaff, a bill has made its debut in the Council asking that a branch asylum be established here. Hon. F. T. Aspinwall of Navajo county introduced the measure. It is an important bill, and it is thought by many that it will pass.

THE EXPOSITION OF 1898.

The Trans-Mississippi and International Exposition Invites Arizona to Participate.

OMAHA, March 3.—Why should not Arizona be represented at the Trans-Mississippi and International Exposition at Omaha in 1898? Every State and Territory west of the Mississippi river has been invited and is expected to participate in this great exposition of the resources, industries and productive capabilities of the West. The primary object of the projectors of this exposition was to collect and display at Omaha, the gateway between the East and the West, an unexampled object lesson of the products, manufactures, industries, resources and civilization of Western States and Territories, and invite the millions of

the East and of foreign countries to visit the exposition and within a few days get a clear idea of the unprecedented progress made in every branch of industry—in agriculture, in irrigation, in mining, in stock raising, horticulture, in education, in the arts and in fact in every avenue of human endeavor.

The Trans-Mississippi and International Exposition will afford an opportunity unequalled by expositions of the past for Arizona to show to the people of the world the undeveloped resources, the inviting fields for investment, the matchless climate and the manifold attractions possessed by this Territory.

The Nebraska State Senate Friday passed the following resolutions, intended as an invitation to every State and Territory of the West to participate in the Trans-Mississippi Exposition:

WHEREAS, The Congress of the United States did, by an act, approved by the President June 10, 1896, pledge the Government to participate in a Trans-Mississippi and International Exposition, to be held in Omaha, Neb., between June 1 and November 1, 1898, and did by said act grant to said exposition all the rights and privileges heretofore granted to international expositions; therefore, be it

RESOLVED by the Senate and House of Representatives of the State of Nebraska, That his excellency, the Governor of the State of Nebraska, be and he is hereby authorized and requested to announce by proclamation that said exposition is to be held at the time and place aforesaid, and to extend to the people of the several States and Territories of the United States through the respective Governors of such States and Territories, a cordial invitation on the part of the State of Nebraska to participate in said exposition.

The holding of Federal court at Prescott has been postponed until June.

LIME KILN WEDDING.

An event in local colored circles of more than usual importance was solemnized at the clubrooms of the Lime Kiln Club Monday night. The members had gathered together for no less an occasion than the marriage of two of the club's most prominent components—Miss Jennie Turner and Joseph Dickson.

The bride and groom were handsomely attired and formed a picture of rare and striking attractiveness. Rev. H. P. Corser performed the ceremony that united the happy pair in everlasting wedlock. The club celebrated the auspicious event in a manner that will leave its fond traces on memory's impressive surface for years to come.
